

Dedicated Human Rights Organization Selects NuViewHR®

NuView Systems Inc. announces that **Human Rights Watch** has selected the NuViewHR® product suite to support their 750 employees.

Headquartered in New York City, Human Rights Watch is one of the world's leading independent organizations dedicated to defending and protecting human rights. Founded in 1978, Human Rights Watch began with the creation of the Helsinki Watch which was designed to support the citizens groups formed throughout the Soviet bloc to monitor government compliance.

The organization focuses international attention on human rights issues and gives voice to the oppressed through practices and advocacies which call for action against abuse. For more than 30 years, Human Rights Watch has worked toward legal and moral change around the world. Human Rights activists prevent discrimination, uphold political freedom, protect people from inhumane conduct in wartime, and bring offenders to justice. They challenge governments and those who hold power to end abusive practices and respect international human rights law.

Human Rights Watch will implement NuViewHR *HR & Benefits, Employee Self-Service, Manager Self-Service, Recruiting Management, Candidate Self-Service, Time Entry, Compensation Management, Performance Management, Succession Planning, and Service Bureau Payroll*
